To ensure you comply fully with the rules so that a **definite result of a match can be obtained, every game must be played to a finish**, i.e. if a game is all square after the 18th hole, the game is concluded by a sudden death play-off. With agreement of both Captains, matches may be recorded as a draw if the team result is in no doubt.

Key note for Round 1: - For the first of the 2 matches played **the overall team result will always be in 'doubt'**, an **individual games should NOT be recorded as a half for the first match played**. On the second of the matches, a game can be recorded as a half, *only* if the overall combined result (First plus second match aggregate) is not in doubt. If after the 2nd match you need to instigate the 3 hole play off, all results should be definitive (i.e. no halves) before instigating

Once the result is known submit it at interclub.org.uk – you will need your username and password to login – the website works on smart phones and tablets

Remember, *“both team captains are ultimately responsible for ensuring the result is submitted online”*

This form is not an official requirement of the competition and is provided for your convenience to gather all the required information to submit the result online
